

Window Books

- #7110 Oriental Design**
textA treasury of lovely designs evoking the delicate beauty of oriental art. Ideas may be used for windows, mirrors, suncatchers, dressing screens, etc.
- #7176 Classic Alphabets**
3 complete alphabet styles and 2 numeric styles. Instructions and interesting ideas to use these alphabets in stained glass windows and signs.
- #7228 Victorian Designs I**
26 wonderful window, door and transom designs, to be enlarged, typical of the Victorian Era. These traditional patterns include multiple borders, stylized flowers, shells, ribbon, flourishes and bright colors. These designs would make a handsome addition to any home.
- #7237 Victorian Designs II**
26 designs for numbered transoms and windows from San Francisco. Stunning color combinations and designs to enhance your home or business entryway!
- #7361 Religious Stained Glass For Today**
Over 80 designs, realistic to abstract, for church window commissions or your home. Explains symbolism & colors as used in religious windows.
- #7449 Prairie Designs**
56 designs for windows based on Frank Lloyd Wright's 'Prairie Era' style of simplicity, unity and nature.
- #7481 Prairie Art Glass Drawings - Vol. I**
20 precise, scale drawings of actual Frank Lloyd Wright windows with information regarding intricate came styles and special glass. Windows from the Dana, Bradley, Martin, Little, Hunt houses and more!
- #7493 English Lead Lites**
Simple lead came designs in the English cottage tradition that anyone could make. 26 patterns taken from English dwellings, where even the humblest home had a touch of elegance.
- #7544 390 Traditional Stained Glass Designs**
78 pages full of authentic Victorian and Edwardian era designs for windows, transoms & sidelights. A great variety of designs!
- #7592 Prairie Art Glass Drawings - Vol. 2**
20 scale drawings of original Frank Lloyd Wright windows, including an 11" x 17" foldout of the Dana house fountain doors. Technical drawings from the Robie, Bach, Tomek, DeRhodes houses and others.
- #7597 Light Screens Illustrated**
Frank Lloyd Wright's windows are unique among stained glass windows. He called them light screens, because the large areas of clear glass and geometric zinc leading allow your eye to easily pass thru the window. Full color, very detailed descriptions and patterns of major FLW window designs.
- #7714 Alphabets**
Create your own signs, street addresses, name plates and more, with these 4 alphabet sets. Includes upper and lower case letters plus numerals in block, script, fun and funky styles.
- #7834 Tiffany Windows Stained Glass Pattern Book**
Now you can replicate some of Louis C. Tiffany's most famous windows, by enlarging the 60 patterns in this new book. All of these designs are elaborate and would make challenging projects!
