Beads of Glass

Wow! Over 150 full color pages of the most incredible glass beads from 43 outstanding bead artists. Plus 600 different step-by-step techniques for creating your own beautiful beads. Whether you enjoy making, collecting, or dreaming about beads — this book is a must have! **#7778**

Penland Book of Glass, The

If you are a hands-on glass torch crafts person, or an eager glass art collector or admirer, this book is for you! With extraordinary full color photography you will see the why and step-by-step how-to creations of 10 master flame workers. Their techniques, philosophies and work are fascinating, informative and inspiring. 231 pg. soft cover. **#7899**

Creative Lampwork

Create glass beads, sculptures and functional objects. Take your glass beads making to the next level with full color photos, detailed instructions, hot glass exercises and 11 projects. These include glass flowers, icicles, candlesticks, glass fish and more! 175 pg. **#7918**

Creating Glass Beads

As you attend the workshops in this book, you won't ever have to work alone: project testers who were given the instructions share the beads they made and the challenges they face. After working through the teaching sessions and projects, you can expand upon them for making your own beautiful pieces. **#7294**
