

# Kaleidoscopes

*Magical kaleidoscopes for the child in all of us!*

Just add your choice of glass to these kaleidoscope kits to personalize in endless variations. Interchange color wheels, discs, wands, marbles, beads, glass jewels and chips – to create unique brilliant color images. Make one today, and rediscover their fascinating magic! Clarity kits include precut optical quality, front surface mirrors, for the brightest kaleidoscope images.

## 'Lost Planet' Kaleidoscope

Fun and easy new kaleidoscope kit, that includes tapered mirrors to create the illusion of a colorful sphere suspended against a black void! Twin oil wands generate gorgeous colors & swirling images on the surface of the 'Lost Planet'. Complete instructions included, just add your choice of glass or decoration for the kaleidoscope sides.

#9208

## Liquid Wands

Acrylic wands filled with metallic stars, sparkles & confetti, floating in a non-toxic liquid. Two sizes to create explosive color images with any size kaleidoscope as you turn the wands end over end!

#9185 11" Long Wands

#9190 6" Long Wands

## Liquid Wand Scope

An 11" long acrylic wand filled with metallic stars, sparkles and confetti, creates amazing color images! Bonus instructions included for unique display stands. Includes 11" long wand, precut mirrors, patterns & instructions.

#9192

## Stained Glass Kaleidoscope Kit

Patterns, instructions & hardware necessary to make a 10" kaleidoscope with two rotating hexagonal color wheels from stained glass. Purchase mirror separately.

#9125
