Vitri-Fusaille Technique DVD

This term was coined by glass artist Peter McGrain to describe his method of kiln firing, fused and painted art glass. His advanced technique uses high fire stains and fused glass to create rich, colorful painted panes without the restraints of lead came lines. **#DVD85**

Glass Nuggets

Glass nuggets are irregular shaped 'glob's of glass, available in these cathedral colors: clear, amber, light blue, cobalt blue, green and assorted. 12 oz. bag.

Please specify colors, or assorted, when ordering.

NOTE: Colors can vary and are not always available. Kindly indicate alternative color choices.

Cat. #

NU2P Small Nuggets (1/2") (approx. 140 per bag)
ex. RED (**#NU2PR**)

NU3P Medium Nuggets (5/8"- 3/4") (approx. 75 per bag)
ex. RED (**#NU3PR**)

Color Magic™ Glass Paint

Add a splash of color on leading, filigrees, vase caps, jewelry findings, etc. with jewel-like colors in brilliant transparent (T), opaque (O), and glitter (G) shades! Stain jewels, crystals, bevels, glass or mirror to create custom glass colors! Add permanent color to sandblasted pieces! UV protective coating adds a clear finish to prevent color fade from strong sunlight. 1/2 oz. bottles with built-in brush.
